

Memorandum

Date: March 20, 2007

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

Agenda Item No. 8(O)(1)(B)

From: George M. Burgess
County Manager

Subject: Resolution Authorizing Award of Competitive Contracts

This item has been amended to provide additional information in Item 1.1: Original Equipment Manufacturers' Replacement Parts and Services for Metrorail and Metromover. Specifically, the amended item clarifies the initial contract term and estimated usage and the options-to-renew and estimated usage.

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached competitive contract modifications and authority to exercise options-to-renew for contracts awarded under the County Manager's delegated authority. Contract allocations represent the maximum spending authority based on estimated quantities, and do not constitute a guarantee of the total value of orders to be placed.

Scope

The impact of the items in the accompanying Bid Award Package is countywide in nature.

Fiscal Impact/Funding Source

The accompanying Bid Award Package states the allocation amount and funding source for each department utilizing a contract.

Track Record/Monitor

There are no known performance issues with the vendors recommended for award in the accompanying Bid Award Package. Each department's contract manager is reflected in the accompanying Bid Award Package.

Background

Section 1 COMPETITIVE CONTRACT MODIFICATIONS

A competitive contract modification is an action where the requested supplemental allocation for goods or services is within the scope of the original contract award and allocation.

Item 1.1: Original Equipment Manufacturers' Replacement Parts and Services for Metrorail and Metromover is the approval of additional spending authority to allow the Miami-Dade Transit Department to access this contract for the purchase of Original Equipment Manufacturers' (OEM) parts and services for Metrorail and Metromover cars and guideways. This allocation will be funded with proceeds from the Charter County Transit System Sales Surtax. Due to the increase in service as a result of the People's

**Honorable Chairman Bruno A. Barreiro and Members,
Board of County Commissioners
Page 2**

Transportation Plan (PTP), additional OEM parts and services are required to rehabilitate existing Metrorail and Metromover vehicles.

Item 1.2: Trees and Palms is approval of additional spending authority to allow the Public Works Department to access this contract for the purchase of trees and palms for installation along roadways.

Item 1.3: Specialized Tree Trimming and Removal is approval for additional spending authority to allow the Public Works Department to purchase specialized tree trimming and removal services.

Item 1.4: Mobile Equipment Replacement Parts and Service is additional spending authority and time to purchase Original Equipment Manufacturer (OEM) replacement parts and service for medium and heavy-duty trucks to perform routine maintenance and repairs of County vehicles.

Susanne M. Torriente
Assistant County Manager

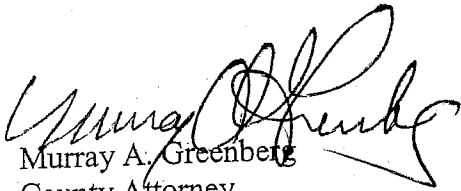

MEMORANDUM

(Revised)

TO: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

RESOLUTION NO. _____

RESOLUTION AUTHORIZING COMPETITIVE
CONTRACT MODIFICATIONS AND AUTHORITY TO
EXERCISE OPTION-TO-RENEW PERIODS FOR THE
PURCHASE OF GOODS AND SERVICES

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board authorizes the award of competitive contract modifications and authority to exercise option-to renew periods for the purchase of goods and services.

The foregoing resolution was offered by Commissioner _____, who moved its adoption. The motion was seconded by Commissioner _____ and upon being put to a vote, the vote was as follows:

Bruno A. Barreiro, Chairman	
Barbara J. Jordan, Vice-Chairwoman	
Jose "Pepe" Diaz	Audrey M. Edmonson
Carlos A. Gimenez	Sally A. Heyman
Joe A. Martinez	Dennis C. Moss
Dorin D. Rolle	Natacha Seijas
Katy Sorenson	Rebeca Sosa
Sen. Javier D. Souto	

The Chairperson thereupon declared the resolution duly passed and adopted this 20th day of March, 2007. This resolution shall become effective ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board with the exception of those items which the attached list specifically describes as funded or potentially funded by proceeds from the Charter County Transit System Surtax. The effectiveness of those is subject to the provisions of subsection (e) of section 29-124 of the County Code which specifies "no award shall be effective and no contractual relationship shall arise with the County unless and until approved by the [Citizens' Independent Transportation] Trust or re-affirmed by the County Commission."

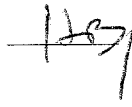

MIAMI-DADE COUNTY, FLORIDA
BY ITS BOARD OF
COUNTY COMMISSIONERS

HARVEY RUVIN, CLERK

By: _____
Deputy Clerk

Approved by County Attorney as
to form and legal sufficiency.

Hugo Benitez

It is recommended that the Board of County Commissioners approve the award of contracts for the items listed in this package pursuant to Section 4.03 (D) of the Home Rule Charter in the best interest of Miami-Dade County.

SECTION #1
CONTRACT MODIFICATIONS

Item 1.1

RECOMMENDATION

It is recommended that the Board of County Commissioners approve a modification to this contract for additional spending authority for the Miami-Dade Transit (MDT) Department to the extent justified by the allocation model that will charge the Surtax for the cost of any additional services implemented as a result of the approval of the sales tax or for items related to the Miscellaneous Capital Improvement Projects listing, as modified, by the Board of County Commissioners on October 3, 2003 that are to be funded 100% by the Surtax. As a direct result of the People's Transportation Plan (PTP), MDT has expanded Metrorail and Metromover services, thus increasing ridership. The service expansion has resulted in additional maintenance and repair services for replacement components, support equipment and existing equipment. The parts and services purchased through this contract are necessary to rehabilitate the Rail/Mover vehicles and to continue providing excellent service to an aging fleet.

Contract No.: 7256-2/06-2

Contract Title: **Original Equipment Manufacturer Replacement Parts and Services for Metrorail/Mover**

Description: This contract is established for the purchase of original equipment manufacturer replacement parts and service.

Initial Contract Term and Estimated Usage: July 1, 2003 through June 30, 2005
\$11,000,000 for two-years, with two, one-year options-to-renew

Options-to-Renew and Estimated Usage:

First Option-to-Renew: July 1, 2005 through June 30, 2006
\$5,500,000 for one year
\$ 50,000 modification approved by DPM on September 21, 2005
\$1,090,000 modification approved by BCC on May 9, 2006
\$6,640,000

Second Option-to-Renew: July 1, 2006 through June 30, 2007
\$6,640,000 for one year

Type of Change: Additional spending authority

Existing Allocation \$ 6,640,000

Increase By: \$ 4,705,600

Modified Allocation: \$11,345,600

**Using/Managing Agencies
and Funding Sources:**

Contract Measure: The existing contract does not contain Small Business Enterprise measures as it is a partially federally funded contract.

Local Preference: Applied in accordance with the Local Preference Ordinance.

Living Wage: The Living Wage Ordinance does not apply.

User Access Program (UAP): This contract does not include the 2% User Access Program (UAP) provision as it is a partially federally funded contract.

Contract Managers: Phillip Ford, Department of Procurement Management
Daryl Hurston, Miami-Dade Transit Department

Contract Modification Effective Date: The effective date of this contract modification will be 10 days after its adoption by the Board and expiration of the Mayoral veto period and subsequent approval by the Citizen's Independent Transportation Trust (CITT).

REASON FOR CHANGE

Authorization is necessary for additional spending authority to provide OEM replacement parts and service for the Metrorail and Metromover system.

The original allocation of \$6.59 million was underestimated. MDT currently expends an average of \$941,300 monthly to maintain the rail and mover systems. It should be noted that these systems are over 20 years old and require frequent repairs. The additional allocation is to ensure sufficient funds are available for the purchase of replacement parts and the required services for the rail and mover systems through the expiration of the contract period. The additional allocation will allow MDT to maintain the rail and mover systems, subsequently providing better service to the community.

The additional allocation will also fund the “Scheduled Delivery Plan for Critical Parts” recently implemented by MDT. This plan utilizes a parts procurement system that schedules procurements for replacement parts a specified time period instead of upon failure to improve reliability and decrease break downs.

Item 1.2

RECOMMENDATION

It is recommended that the Board of County Commissioners approve a modification to this contract for additional spending authority for the Public Works Department (PWD) to the extent justified by the allocation model that will charge the Surtax for the cost of any additional services implemented as a result of the approval of the sales tax or for items related to the Miscellaneous Capital Improvement Projects listing, as modified, by the Board of County Commissioners on October 3, 2003 that are to be funded 100% by the Surtax. The landscaping projects included in this contract allocation are for the purpose of enhancing roadways that have been under construction in support of the People's Transportation Plan (PTP).

Contract No.: 5066-1/06-1

Contract Title: **Trees and Palms**

Description: This contract is established for the installation of landscaping on roadways for various County departments.

Initial Contract Term and Estimated Usage: May 1, 2006 through April 30, 2007
\$1,860,000 for one year with one, six-month option to renew
\$ 840,000 modification approved by BCC on September 26, 2006
\$2,700,000

Option-to-Renew and Estimated Usage: May 1, 2007 through October 31, 2007
\$1,350,000 for six months

Type of Change: Additional spending authority

Existing Allocation: \$1,350,000

Increase By: \$1,900,000

Modified Allocation: \$3,250,000

Contract Measure: The contract does not contain Small Business Enterprise (SBE) measures as it was awarded before the implementation of the SBE Program.

Local Preference: Applied in accordance with the Local Preference Ordinance.

Living Wage: The Living Wage Ordinance applies to this contract.

User Access Program (UAP): This contract includes the User Access Program (UAP) provision. The 2% program discount is being collected on all purchases that do not use a federal funding source.

Contract Managers: Jose Sanchez, Department of Procurement Management

This contract includes allocations for seven departments. Each department has designated a Contract Manager.

Contract Modification Effective Date: The effective date of this contract modification will be 10 days after its adoption by the Board and expiration of the Mayoral veto period and subsequent approval by the Citizen's Independent Transportation Trust (CITT).

REASON FOR CHANGE

Authorization is necessary for additional spending authority for the Public Works Department (PWD) to allow the department to complete their tree planting projects as approved in their Fiscal Year '06-07 budget. PWD's approved FY '06-'07 budget includes \$2,700,000 for the planting and replacement of trees. These plantings include the replacement of trees damaged by vehicle accidents and inclement weather as well as the planting of landscaping associated with construction projects.

Item 1.3

RECOMMENDATION

It is recommended that the Board of County Commissioners approve a modification to this contract to purchase specialized tree trimming and removal services for the Public Works Department (PWD). This additional allocation of \$500,000 will give PWD the capacity to provide services requested by DERM for storm mitigation.

Contract No.: 7661-4/09-2

Contract Title: **Specialized Tree Trimming and Removal**

Description: This contract is established for the purchase of specialized tree trimming and removal services.

Initial Contract Term and Estimated Usage: October 19, 2004 through September 30, 2005
\$400,000 for one year, with four, 1-year options-to-renew

Options-to-Renew and Estimated Usage:

First Option-to-Renew: October 1, 2005 through September 30, 2006
\$300,000 modification approved administratively December 20, 2005
\$700,000 for 1 year

Second Option-to-Renew: October 1, 2006 through September 30, 2007
\$700,000 for 1 year

Extensions: Not applicable

Type of Change: Additional spending authority

Existing Allocation: \$ 700,000

Increase By: \$ 500,000

Modified Allocation: \$1,200,000

Using/Managing Agencies and Funding Sources:

	<u>Existing Allocation</u>	<u>Additional Allocation</u>	<u>Modified Allocation</u>	<u>Funding Source</u>
<u>Department</u> Public Works	\$ 700,000	\$ 500,000	\$1,200,000	Stormwater Utility (DERM)

Current Expiration: September 30, 2007

Modified Expiration: Same

Vendor:	Address	Principal
• A Native Tree Service (Local vendor)	15733 S.W. 117 Ave. Miami, FL 33177	Dayne Tomasetti

Contract Measure: None

Local Preference: Applied in accordance with the Local Preference Ordinance.

Living Wage: The Living Wage Ordinance applies.

User Access Program (UAP): This contract includes the User Access Program (UAP) provision. The 2% discount is being collected.

Contract Managers: Jose Sanchez, Department of Procurement Management
Orky Rodriguez, Public Works Department

Contract Modification Effective Date: The effective date of this contract modification will be 10 days after its adoption by the Board and expiration of the Mayoral veto period.

REASON FOR CHANGE

Authorization is necessary for additional spending authority to provide specialized tree trimming and removal services for the Public Works Department (PWD).

The PWD's Road, Bridge and Canal Division maintains approximately 168 miles of secondary canals which discharge into the South Florida Water Management District's primary canal system. Maintenance includes the control of aquatic weeds and woody vegetation, inspection, maintenance and cleaning of culverts, and the removal of floating debris and other obstructions. The Department of Environmental Resources Management (DERM) funds these activities through the Stormwater Utility Fund.

After the 2005 Hurricane Season, DERM expended approximately \$16.5 million for canal clean-up to include debris removal. This work is still ongoing. The PWD was allocated \$1.2 million through the budget process for fiscal year 2006-2007 for tree trimming and removal of trees. DERM and PWD staff are working together to develop a proactive storm mitigation plan to address trees located directly on canal banks which could cause damage to the secondary canal system, and further liability in future storm events. This additional allocation of \$500,000 will give the PWD the capacity to provide the services requested by DERM for storm mitigation.

Item 1.4

RECOMMENDATION

It is recommended that the Board of County Commissioners approve a modification to this contract for the purchase of mobile equipment replacement parts and repair services for various County departments to add additional time with funding based on departmental expenditures. Miami-Dade Transit's allocation will be funded with proceeds from the Charter County Transit System Sales Surtax and operating funds. As a direct result of the People's Transportation Plan (PTP), additional Original Equipment Manufacturer (OEM) replacement parts and service for medium and heavy duty trucks are required and utilized to provide direct support to MDT as a result of the increase in service. The parts and services are used to service all MDT trucks, including service trucks utilized by bus technicians when a bus breaks down, support trucks utilized to escort disabled buses, delivery trucks utilized for delivery of parts to storerooms, and repair trucks utilized to repair the tracks and guideway system.

Contract No.: 5380-2/06-2

Contract Title: **Mobile Equipment Replacement Parts and Service**

Description: This contract is established to purchase Original Equipment Manufacturer (OEM) replacement parts and service for medium and heavy-duty trucks and major component parts in order to perform routine maintenance and repairs of County vehicles.

Initial Contract Term and Estimated Usage: February 1, 2002 through January 31, 2005
\$27,811,000 for three years with two, one-year options-to-renew

Options-to-Renew and Estimated Usage:

First option-to-renew: February 1, 2005 through January 31, 2006
\$9,270,333 for one year

Second option-to-renew: February 1, 2006 through January 31, 2007
\$9,270,333 for one year
\$400,000 modification approved by DPM on January 8, 2007
A one-month extension (time only) was approved by DPM on January 30, 2007 through February 28, 2007
\$100,000 modification and one-month extension was approved by DPM on February 28, 2007 through March 31, 2007
\$927,875 modification approved administratively through April 30, 2007
\$10,698,208 for fifteen months (February 1, 2006 – April 30, 2007)

Type of Change: Additional time (four months) with prorated funding

Existing Allocation: \$ 10,698,208 for a fifteen month term

Increase By: \$ 2,823,847 (based on actual departmental usage)

Modified Allocation: \$ 13,522,055 for the nineteen month term

**Using/Managing Agencies
and Funding Sources:**

Living Wage:	The Living Wage Ordinance does not apply.
User Access Program (UAP):	This contract includes the User Access Program (UAP) provision. The 2% discount is being collected.
Contract Managers:	Pablo Martinez, Department of Procurement Management This contract contains allocations for nine departments. Each department has designated a project manager.
Contract Modification Effective Date:	The effective date of this contract modification will be 10 days after its adoption by the Board and expiration of the Mayoral veto period.

REASON FOR CHANGE

Authorization is necessary for additional spending authority and time to provide Original Equipment Manufacturer (OEM) Mobile Equipment Replacement Parts and Service for Trucks and Major Component Equipment.

Various County departments access this contract for the purchase of replacement parts and accessories to perform routine maintenance and repair of County-owned medium to heavy-duty trucks, tractors, construction equipment, farm type vehicles, on/off road equipment, fire rescue equipment and major component equipment to include heavy-duty specialized vehicles. Orders have been placed for replacement vehicles in many of these categories; however, this contract provides for the parts and maintenance services to maintain existing equipment in operational condition until the new equipment is received.

The Department of Procurement Management is working with the client departments to revise the requested allocations for the replacement solicitation to reflect each department's actual expenditures. The current contract structure allows for vendors to offer a percentage discount off the manufacturer's list price, and a labor rate for repair services. The replacement contract will allow vendors to offer a percentage discount off the manufacturer's list price, based on each department's actual usage for parts. Vendors that provide repair services will offer a competitive labor rate for the estimated amount of labor hours based on historical usage data. This will allow the application of Small Business Enterprise (SBE) and Local Preferences to the award of the replacement contract. These figures will be used to determine the actual contract award amount and each department's allocation.

The current structure of the contract does not allow staff to apply Small Business Enterprise (SBE) measures or the Local Preference Ordinance. The successor solicitation must include an estimated dollar usage for parts and an estimated number of hours for labor in order to apply the above legislation.

This contract modification extends the contract for a four month period and will increase the total contract value by \$2,823,847 which represents prorated funding based on average monthly usage for the current contract term. The contract was previously modified by a total of \$500,000 and extended by two months under DPM's delegated authority. A one month extension with prorated funding in the amount of \$927,875 under the County Manager's delegated authority is in the approval process. This request for additional time and money is required to advertise and award the successor solicitation,

which will be presented at the July 2007 Budget and Finance Committee, and subsequently to the Board of County Commissioners for approval.
